

Incarnating His Love In the World

Incarnating His Love

- When you realize sin doesn't make you worthless it just makes you lost, you will know God's compassion for people caught in sin, not contempt for them.
- If you can shut up, shut up.
- God wants to demonstrate his love for the world in the naturalness of our lives living transformed and that is far more powerful than anything we can say.
- Engage the world not in the artificial conversations of religious obligation, but by taking an interest in them and incarnating God's life before them.

Getting It!

Here are some of the things we need to 'get' to thrive in the life of Christ. Helping us 'get it' is a work Jesus does as we grow in relationship with him. More than just intellectual assent, 'getting it' means to live in God's reality without having to consciously think about it because it has become a natural part of who we are and how we live in the world. This is the fruit of a renewed mind that lives freely in God and freely before the world. Certainly there are many other things God will show us as we grow in him, but I have found that these are quite common to most people on the journey of Christ-likeness.

Living In Father's Affection

Living Loved

- You have a Father who loves you more than any other human being on this planet ever has or ever will.
- Nothing you can do today will make God love you any more, and nothing you can do today will make God love you any less.
- God is not disillusioned with you because he had no illusions about you to begin with.
- Because shame, guilt and condemnation have no role in helping you live in God's life, he has removed them in Christ and does not manage them for your growth.
- He wants to make himself known to you daily and teach you how to recognize his voice.

↓ Growing in Trust

Growing in Trust

- Everything about your life is in the Father's hands.
- Trust is not a choice it is the fruit of your growing confidence in Father's love for you.
- Jesus, as the Author and Finisher of our faith, is the one who grows our trust in the real circumstances of life.
- He wants to free us from the preoccupation of getting from God so that we can simply live in the reality of what God gives.
- Know the story of Scripture well enough to know how God works

↓ Embracing Freedom

Embracing Freedom

- The greatest freedom in this kingdom is from the tyranny of your own desires, agendas and plans.
- The second greatest freedom is from the tyranny of other people's opinions about you.
- "Unforgiveness is like drinking rat poison waiting for the rat to die."
- As long as your personal well-being depends on someone else's actions, you will manipulate them.

- Human effort, on its best day, will not produce the fruit of the kingdom

Sharing Life in the Body

Sharing His Life

- Christian community is a gift that God gives not something human effort can produce.
- Community is not based on need, but on the joy of sharing relationship with fellow-travelers.
- The life of Jesus flows from the individual into the body, not from the body to the individual and whenever we try to get from the body what we're not finding in Jesus, we are making an idol of it.
- The life of the early church was defined by their relationships with each other not their meetings or activities.
- You can only love and serve others to the degree that you know how God is loving and serving you.
- The test of character is how you're willing to treat someone when you are absolutely certain you are right.
